

Taking steps towards better health doesn't always mean walking

Be sure to log your steps daily in the Sharecare app to earn your green days, complete challenges, and get full credit for all the ways you fit in activity.

Step conversion chart

There are lots of ways to get in your steps. When you choose an activity other than walking, check the chart below to see how many steps you've earned. Simply multiply the steps indicated on the chart by the number of minutes you were

active. For example, 30 minutes of mopping equals 3,180 steps. (30 minutes x 107). Clean floors AND active steps - now that's a win win.
